

Tiger-Vac®

...The name to vacuum with

WHITE DUST EXTRACTION ARM Dust Extraction Arm

Characteristics

Low Noise Level

- White powder coated aluminum
- Fully flexible 3" (75mm) or 4" (100mm) arm with Clear-Thru features
- Efficient extractor for dust, welding fumes, soldering fumes, oilmist, fumes from solvents, etc
- Reaches high above its mounting height and is maneuverable through 360°
- Lowest possible noise levels make this Dust Extractor ideal for laboratory work

WHITE DUST EXTRACTION ARM mounted on a CD-1501 WT Shown

White powder coated aluminum. A fully flexible 3" (75mm) or 4" (100mm) arm with Clear-Thru features. This arm is a very flexible and efficient extractor for dust, welding fumes, soldering fumes, oilmist, fumes from solvents, etc. The inner tubes, coupled by a gas spring, means smooth and easy positioning and a variety of mounting options. The dust extractor reaches high above its mounting height and is maneuverable through 360°. Lowest possible noise levels make this dust extractor ideal for laboratory work.
